

# THE CML ASSOCIATION

The Center for Missional Leadership Association is an interdenominational ministry that equips the Church to participate in God's mission to the world.

## KINGDOM & COMMUNITY

The CML missions community and association is designed for congregations and partners who are dedicated to:

- Intentional, grace inspired, external mission
- The stewardship and transformation of life in the kingdom of Jesus Christ...by His grace and through His children
- The making and sending of disciples to all nations

## OUR COMMITMENT

The CML Association is committed to:

- Developing everyday missionaries for Jesus Christ
- Mobilizing, resourcing and sustaining congregations in a participatory global missions ministry
- Providing a strong missions platform for church outreach
  - Generating incremental resources for mission
  - Sharing "best practices" of a dependent and obedient mission

## TURNING CHALLENGES INTO FRUIT

### Challenge #1 - Identity

The missional identity of the church.

The ministry of the CML Association reignites the missional life of small-medium sized congregations and sustains this momentum through a turn key ministry and platform.

### Challenge # 2 - Staffing

Inadequate church staffing in most congregations remains the primary challenge for developing and sustaining external ministry and mission.

The ministry platform of the CML Association reduces the immediate need for additional church staff in developing and sustaining a vibrant mission's ministry.

### Challenge # 3 - Leadership

A shortage of engaged and experienced lay leadership to lead local, regional and global mission.

The ministry of the association engages and develops lay leadership to grow and serve in outreach and mission. The CML trains lay leadership to develop and sustain a missions ministry spiritually, relationally and financially.

### Challenge # 4 - Resources

Time, finance, tools and relationships.

The CML conserves time & develops financial resources.
