## EXPANDING BIBLICAL WORLDVIEW / TRANSCENDING CULTURE

Just as there must be a "holistic transformation of the heart" to serve the kingdom of Jesus Christ in mission, disciples must be equipped with a global worldview. This worldview, combined with a base knowledge of the three monotheistic faiths and an understanding of the cultural sensitivity required for effective Christian witness, will allow each of us to serve the kingdom of Jesus Christ more effectively.

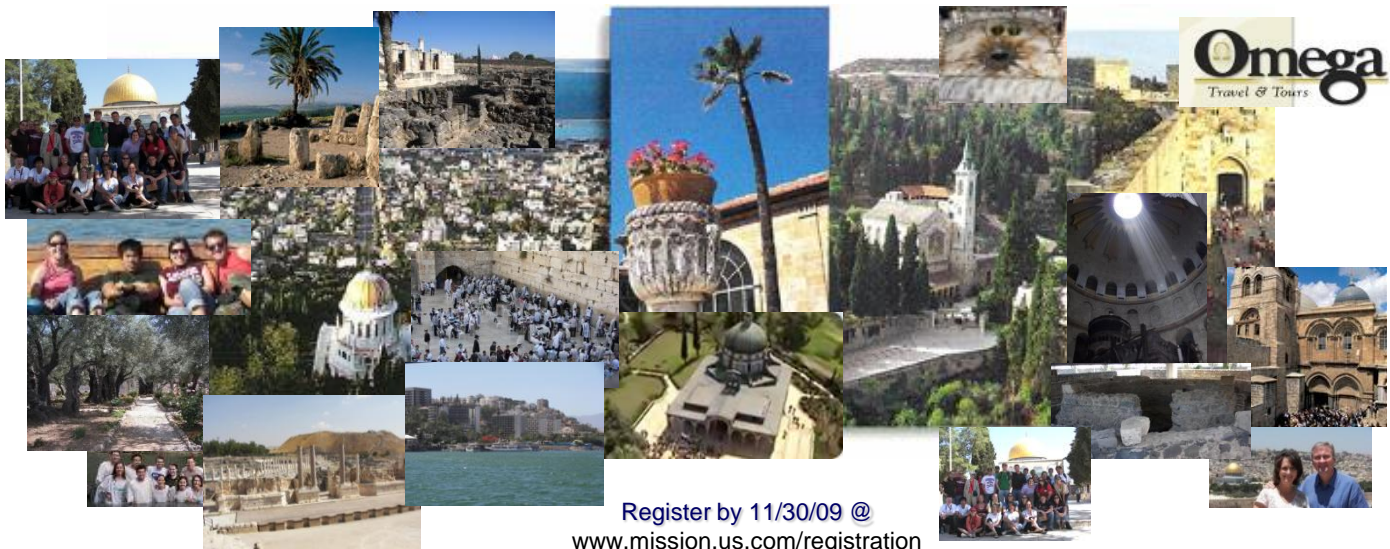

While mission is the primary venue for understanding how to live out the missional life, a spiritual pilgrimage and educational trip to Israel is tremendously valuable in gaining new insights and higher levels of knowledge about the Bible and our Christian heritage.

The Bible comes alive and scripture blooms in living color when traveling in the Holy Land. Participants will also develop the effectiveness of Christian witness in the global community as they continue to build upon the journey and privilege of participating in the mission of God to the world. Join leaders Tim Webb (Champion Fellowship) and Trevor Joy (The Village Church) for the journey of a lifetime.

You will be blessed far beyond anything you could possibly anticipate!
