Discipleship, Caregiver Ministry, Orphanage Care, Church Construction

“Life is Mission”

Extend the Love of Christ to orphans and those trapped in the cycle of poverty in Lima and surrounding mountain areas of Peru. Your mission will offer care to those who care for orphans and to the church planters who minister to them. You will also be able to fund and participate in the building of church extensions and projects that will help sustain them financially.

Simultaneously, you will work with others side by side to understand the missional integral applications that this journey has for your everyday mission back home. We hope you will join us!
